The Department of Anesthesia & Perioperative Medicine and Schulich School of Medicine & Dentistry and London Health Sciences Centre and St. Joseph’s Health Care London are inviting applications for Director of Neuroanesthesia, which is a clinical academic faculty position in our affiliated teaching hospitals. Rank and appointment status will be determined by experience and qualifications at the time of appointment, but will be either Associate or full Professor rank with a Continuing Appointment. Candidates must hold an MD or equivalent and be eligible for licensure in the Province of Ontario. Specialist certification in Anesthesiology from the Royal College of Physicians and Surgeons of Canada or equivalent is required, and must have demonstrated expertise and experience in neuroanesthesia.

As Director of Neuroanesthesia, the successful candidate will lead research in collaboration with both clinical academic faculty and basic science faculty in the subspecialty of neuroanesthesia, based on a record of proven research ability and productivity. In addition, the successful candidate will fulfill the role of educator, role model and supervisor for our undergraduate medical students, anesthesia residents, clinical/research fellows, as well as graduate students and have the ability to act as a research career mentor. Candidates must have demonstrated the ability to collaborate effectively with other members of the health care team, researchers and administrative staff.

The Department of Anesthesia & Perioperative Medicine is comprised of about 85 Anesthesiologists providing complex high quality patient care in the affiliated hospitals (over 34,000 surgical procedures and 6,000 obstetric deliveries per annum). The Department delivers a full spectrum of medical care from conducting preoperative anesthesia assessment to performing the most advanced life-supporting techniques in all perioperative settings such as ambulatory surgery, subspecialty surgery, transplantation, obstetrics, pediatric care, out-of-OR interventional procedures, acute and chronic pain management, blood conservation management, post-anesthetic care unit, cardiac surgery recovery unit, intensive care units and palliative medicine in acute care.

London Health Sciences Centre and St. Joseph’s Health Care London are tertiary healthcare centres serving Southwestern Ontario’s population of close to 2 million. The City of London has a metropolitan census of approximately 530,000 with a diverse cultural mix, and with the amenities of a big city but with the benefits of a small town. It is a safe and diverse city located in the heart of the beautiful Great Lakes region and is a two hour drive to both Toronto and Detroit.
Estimated total remuneration from all sources, including fee for service, will be in the range of $350,000 - $450,000 and commensurate with academic rank, qualifications and experience.

Western University provides an outstanding educational experience within a research intensive environment. The University has a full time enrolment of about 34,000 students with a full range of academic and professional programs. Established in 1881, the Schulich School of Medicine & Dentistry, one of the founding schools of Western University, has educated generations of physicians, dentists, scholars and scientists whose collective work has transformed the practice of medicine and dentistry both nationally and globally.

Please submit your application, including curriculum vitae, statement of career goals, highlights of accomplishments, names and contact information for 3 references to the following:

Davy Cheng, MD, MSc, FRCP, FCAHS, CCPE
Distinguished University Professor & Chair/Chief
Department of Anesthesia & Perioperative Medicine
Davy.cheng@lhsc.on.ca

Anticipated start dates for this position will be September 1, 2016 or as negotiated. Applications will be accepted until the position is filled. Review of applications will begin July 1, 2016.
