

School of Kinesiology
Kin 3336B Practical Aspects of Athletic Injuries
Winter 2027

Campus Supports

Western University is committed to a **thriving campus**. For help with:

- Both physical and mental health, go to [Wellness & Wellbeing](#)
- Studying with disabilities, go to [Accessible Education](#)
- Writing skills, go to the [Writing Support Centre](#)
- Learning skills and strategies, go to [Learning Development & Success](#)
- Contacting the ombudsperson, go to the [Office of the Ombudsperson](#)

Your course coordinator can also **guide you** to available campus resources and/or services.

Technical Requirements

Stable internet connection

computer

Important Dates

Classes Begin	Reading Week	Classes End	Study day(s)	Exam Period
January 4	February 13-21	April 9	April 10-11	April 12-30

March 30, 2027: Last day to withdraw from a half course without academic penalty

Contact Information

Course coordinator/co-instructor: Dave Humphreys

Contact information: dhumphr4@uwo.ca

Office hours: Monday 10:30-11:20- By Appointment

Course Co-instructor name: Kacy Nishimura

Contact Information: knishim3@uwo.ca

Teaching Assistant(s)	Contact Information	Office Hours
TBA		

NOTE: All course information including grades, assignment outlines, deadlines, etc. are available via [OWL Brightspace](#). Download the Brightspace Pulse App to stay up-to-date on course communication and enable your notification settings within “Communications” in the top toolbar. Check the website regularly for course announcements. If you need assistance, visit [OWL Brightspace Help](#) or contact the [Western Technology Services Helpdesk](#). They can be

contacted by phone at 519-661-3800 or ext. 83800.

Calendar Course Description (including prerequisites/anti-requisites):

The purpose of this course is to provide an introduction to the recognition, initial assessment, care and methods of prevention of injuries commonly occurring in sport. The practical skills of methods of assessment and adhesive strapping are emphasized in the labs.

Prerequisite(s): [Kinesiology 2241A/B](#) (with a minimum grade of 60%) and [Kinesiology 2236A/B](#) (with a minimum grade of 78%) and any of the following courses with a minimum grade of 60%: [Kinesiology 1060A/B](#); [Kinesiology 2222A/B](#); [Health Sciences 1300A/B](#); [Health Sciences 2300A/B](#); the former Health Sciences 2330A/B; [Nursing 1330A/B](#); [Anatomy and Cell Biology 2200A/B](#); the former Anatomy and Cell Biology 2221.

Extra Information: 2 lecture hours, 2 laboratory hours.

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

NOTE: If you wish to enroll in this course without the stated pre-requisite(s), you must obtain written approval from the course instructor. The approval should then be forwarded to your academic counsellor.

Delivery Mode: **in-person**

Component	Date(s)	Time
Lecture	Monday Tuesday Thursday	8:30 am-10:20am 10:30 am-12:20 pm 1:30 pm- 3:20 pm 11:30 am- 1:20 pm 1:30 pm- 3:20 pm

My Course Description

This course builds on content and theories learned in Kin 2236 and is predicated on active learning. Come to lecture prepared to discuss and give feedback with regards to field and clinical scenarios. The laboratory component adds a hands-on experience that drives home key concepts while paralleling lecture content.

Learning Outcomes

By the end of this course, students will be able to:

1. **Describe** the physiological healing processes and typical recovery periods of injuries to inform treatment decisions and return-to-play protocols.
2. **Recognize and differentiate** the clinical presentation of common sport-related injuries through observation, palpation, and athlete history-taking.
3. **Demonstrate** the foundational steps of a basic orthopaedic assessment, including inspection, range of motion testing, and palpation.

4. **Perform** essential taping and wrapping techniques with technical proficiency to support joints, reduce pain, and prevent further injury during activity.
5. **Conduct and interpret** hands-on orthopaedic special tests to identify possible injuries and contribute to clinical decision-making.
6. **Determine** appropriate situations for referral based on injury severity, red flags, and limitations of scope of practice.
7. **Prescribe and demonstrate** appropriate static and dynamic stretching techniques tailored to individual athlete needs and rehabilitation goals.
8. **Utilize** the SCAT 6 (Sport Concussion Assessment Tool) to assess for concussion symptoms, interpret findings, and contribute to return-to-play decisions.

Course Content and Schedule

Proposed Schedule of Topics*

Week of January 3	Lecture	Introduction to course, course outline and evaluation criteria. Assessment strategies, STTT and basic treatment review Retention Quiz 1
	Lab 1	Surface anatomy basics Retention Quiz 2
Week of January 10	Lecture	Heat and Cold. Foot and Ankle injuries Retention Quiz 3
	Lab 2	Sport Craft 1.0 Introduction to taping and wrapping. Acute and return to play ankle taping
Week of January 17	Lecture	Lower leg injuries Retention Quiz 4
	Lab 3	Sport Craft 2.0 Taping 2- Foot, wrist and hand
Week of January 24	Lecture	Knee Retention Quiz 5
	Lab 4	Sport Craft 3.0 Tensoring and Slings Practice for taping practical.
Week of January 31	Lecture	Hip, Thigh- End of content for Midterm Retention Quiz 6
	Lab 5	CLINICAL AND ASSESSMENT SKILLS 1.0 Foot, Ankle and Knee structural testing and on-field assessment.
Week of February 7	Lecture	In class Midterm- Room TBA
	Lab 6	CLINICAL AND ASSESSMENT SKILLS 2.0 Thigh hip and Pelvis structural testing & assessment
Week of February 14	Spring Reading Week	
Week of February 21	Lecture	Concussion /Athletic Injuries Practicum Q and A Retention Quiz 7
	Lab	Taping and Wrapping Practical Test during scheduled lab time
Week of February 28	Lecture	Shoulder 1 Retention Quiz 8
	Lab 7	Midterm Take-up* , SCAT 6 Testing
Week of March 7	Lecture	Shoulder 2 Retention Quiz 9
	Lab 8	CLINICAL AND ASSESSMENT SKILLS 3.0. C-spine and shoulder structural testing and on-field assessment

Week of March 14	Lecture	Arm, elbow and hand Retention Quiz 10
	Lab 9	CLINICAL AND ASSESSMENT SKILLS 4.0 Elbow wrist and hand, structural testing
Week of March 21	Lecture	The Spine Retention Quiz 11
	Lab 10	CLINICAL AND ASSESSMENT SKILLS 5.0. Spine Assessment and Stretching
Week of March 28	Lecture	Catch-up /Online review during class hours
	Lab	Injury Assessment and Treatment Practical test during scheduled lab time
Week of April 4	Lecture	Review

Course Materials You Must Acquire and Their Costs

Textbook: No course text- All course content will be available in Brightspace

Supplemental Fee: \$100.00. This mandatory course fee covers essential materials provided during the first week of class, specifically one box of 32 rolls of athletic tape.

Assessments and Evaluation

Below is the evaluation breakdown for the course. Any deviations will be communicated.

Assessment	Format	Weight	Due Date	Flexibility
Retention Quizzes	mixed	10%	11:59 pm Mondays & 11:59pm Jan. 6	Take top 8/11 retention quiz scores ¹ 8x 1.25% =10%
Midterm Test ^{2,3,4,5}	Mixed format	25%	Feb. 8	Not applicable - Designated Assessment ²
Taping Practical ^{3,4,5}	Timed Practical	15%	Feb. 24	Not Applicable
Assessment Practical ^{3,4,5}	Timed Practical	15%	Mar. 31	Not applicable
Final Exam ⁶	MCQ and T/F	35%	TBA	Not applicable

Notes:

1. This course has 11 Weekly Retention Optimization Quizzes Jan 4,6,11,18 &25, Feb. 1 & 22, March 1, 8, 15 & 22. Quizzes are meant to be a quick test of the knowledge you have retained from lecture. Your top 8 out of 11 quizzes (total of 10 percent) will be counted toward your final grade. If more than 3 are missed, students will receive a zero on any missed quiz without approved academic considerations. With academic considerations, the weight of that quiz will be distributed across remaining quizzes. You will have 5 attempts at each quiz. You will only be retested on the questions that you answer incorrectly. Try them without your notes. Those who learn new information and test themselves shortly after, have shown better retention rates than those who learn, restudy a few days later and then test themselves. If you have errors, reread that content before retesting. The goal is to

- understand and bring content forward, vs. stuffing your short-term memory for exams.
2. Designated Assessment: This assessment has been designated as being central to the evaluation of learning outcomes in this course. Accordingly, students must provide documentation for any absence from this evaluation. If you miss this evaluation, you must complete the makeup assessment as follows: Date TBA.
 3. A makeup assessment is an extension of the original assessment, and so you will need to present documentation for this assessment, should you need to miss it. Please note that there is only one makeup assessment per Term test. Students approved to miss the makeup will have the weight of this assessment transferred to the cumulative final exam. Students must not provide medical or compassionate documentation to the instructor. Students who miss without approved considerations will receive a zero on this assessment.
 4. You cannot use undocumented absences for final exams.
 5. Students who miss the midterm/practical and/or the makeup without approved considerations will receive a zero on this assessment.

General information about assessments

- ☒ All retention quizzes are due at 23:59 EST unless otherwise specified
- ☒ You will have an opportunity to review the midterm in class/lab
- ☒ Requests for regrading must be submitted during Midterm take-up day.
- ☒ Prior to the filing of a written request for relief, you must attempt to resolve the concern regarding a mark or grade through informal consultation with the instructor. If you are dissatisfied with the decision of the instructor or you do not receive a decision from the instructor, a written request for relief must be submitted to the Undergraduate Chair of the School offering this course, within three (3) weeks from the date that the mark was issued.

The table below outlines University-wide grade descriptors.

Letter grade	Number grade	Description
A+	90-100	One could scarcely expect better from a student at this level
A	80-89	Superior work which is clearly above average
B	70-79	Good work, meeting all requirements, and eminently satisfactory
C	60-69	Competent work, meeting requirements
D	50-59	Fair work, minimally acceptable
F	below 50	Fail

Rounding of Grades (for example, bumping a 79 to 80%)

This is a practice some students request. The final grade documented is the grade that you have achieved. There is no rounding to the next grade level, or 'giving away' of marks. Please don't ask me to do this for you; the response will be "please review the course outline where this is presented".

Information about late or missed assessments:

- ☒ Quizzes due by 11:59 pm. You need to complete 8 of 11 for full marks. No make-ups if missed, as flexibility is built-in.
- ☒ For those who are granted academic consideration for a missed Midterm, I will schedule 1 make-up date. If you are unable to attend the make-up, that percentage will be moved forward to the cumulative final exam. Please try to avoid missing these. Writing a final worth 60% of your grade can be stressful.
- ☒ A missed Term test, make-up test or Final exam, without appropriate documentation will

result in a zero (0) grade. Acceptable reasons might include hospital stays, serious illness, family emergencies (like serious accidents, illness or death) or similar circumstances.

If Term tests or Final exam must be moved online, proctoring software will likely be used.

INC (Incomplete Standing): If a student has been approved by the Academic Advising Office (in consultation with the instructor/department) to complete term work at a later date, an INC will be assigned. Students with INC will have their course load in subsequent terms reduced to allow them to complete outstanding course work. Students may request permission from Academic Advising to carry a full course load for the term the incomplete course work is scheduled.

SPC (Special examination): If a student has been approved by the Academic Advising Office to write a Special Examination and the final exam is the only outstanding course component, an SPC will be assigned. If the class has a makeup exam, the student is expected to write the makeup exam. If the class doesn't have a makeup exam or the student misses the makeup exam for reasons approved by the Academic Advising Office, the student will write the exam the next time the course is offered. Outstanding SPCs will reduce the course load for the term the exam is deferred as outlined in [Types of Examinations](#) policy

Academic Policies and Statements

Support Services

There are various support services around campus and these include, but are not limited to:

1. Academic Support and Engagement - <http://academicsupport.uwo.ca>
2. Wellness and Well-being - <https://www.uwo.ca/health/>
3. Registrar's Office -- <http://www.registrar.uwo.ca/>
4. Ombuds Office -- <http://www.uwo.ca/ombuds/>

The websites for Registrarial Services (<http://www.registrar.uwo.ca>), and the same for affiliated university colleges when appropriate, and any appropriate Student Support Services (including the services provided by the USC listed here: <http://westernusc.ca/services/>) and the Student Development Services, should be provided for easy access.

Students who are in emotional/mental distress should refer to Mental Health@Western (<https://www.uwo.ca/health/>) for a complete list of options about how to obtain help.

Statement on Gender-Based and Sexual Violence

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced sexual or gender-based violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts at:

https://www.uwo.ca/health/student_support/survivor_support/get-help.html.

Statement on Harassment and Discrimination

Western is committed to providing a learning and working environment that is free of

harassment and discrimination. All students, staff, and faculty have a role in this commitment and have a responsibility to ensure and promote a safe and respectful learning and working environment. Relevant policies include Western's [Non-Discrimination/Harassment Policy](#) (M.A.P.P. 1.35) and [Non-Discrimination/Harassment Policy – Administrative Procedures](#) (M.A.P.P. 1.35). Any student, staff, or faculty member who experiences or witnesses' behaviour that may be harassment or discrimination **must report the behaviour** to the Western's [Human Rights Office](#). Harassment and discrimination can be human rights-based, which is also known as EDI-based, (sexism, racism, transphobia, homophobia, islamophobia, xenophobia, antisemitism, and ableism) or non-human rights-based (personal harassment or workplace harassment).

Student Code of Conduct

The purpose of the Code of Student Conduct is to define the general standard of conduct expected of students registered at Western University, provide examples of behaviour that constitutes a breach of this standard of conduct, provide examples of sanctions that may be imposed and set out the disciplinary procedures that the University will follow. For more information, visit <https://www.uwo.ca/univsec/pdf/board/code.pdf>

Absence from Course Commitments

Students must familiarize themselves with the Policy on [Academic Consideration – Undergraduate Students in First Entry Programs](#)

Students missing course work for medical, compassionate, or extenuating circumstances can request academic consideration by completing a request at the [central academic consideration portal](#). Students are permitted one academic consideration request per course per term **without** supporting documentation. Note that supporting documentation is **always** required for academic consideration requests for examinations scheduled by the office of the registrar (e.g., December and April exams) and for practical laboratory and performance tests (typically scheduled during the last week of the term).

Students should also note that the instructor may **designate** one assessment per course per term that requires supporting documentation. This designated assessment is described elsewhere in this document. Academic consideration requests may be denied when flexibility in assessment has already been included. Examples of flexibility in assessment include when there are assessments not required for calculation of the final grade (e.g. 8 out of 10 quizzes), when there is flexibility in the submission timeframe (e.g. 72 hour no late penalty period), or when timed assessments (e.g., quizzes) are available over an extended period of time (e.g., when you are given a 72 hour time period to start – and finish – the assessment).

Please note that academic considerations in this course are granted by the academic advisors in your home unit and implemented by the instructor of this course in accordance with information presented in this course syllabus. Supporting documentation for academic considerations for absences due to illness should use the [Student Medical Certificate](#) or, where that is not possible, equivalent documentation by a health care practitioner. If your absence relates to accommodations that are already supported by [Accessible Education](#), please work with your accessible education counsellor regarding your missed course work.

Accommodation for Religious Holidays

Students should review the policy for [Accommodation for Religious Holidays](#). Where a student will be unable to write examinations and term tests due to a conflicting religious holiday, they should inform their instructors as soon as possible but not later than two weeks prior to writing the examination/term test. In the case of conflict with a midterm test, students should inform their instructor as soon as possible but not later than one week prior to the midterm.

Special Examinations

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examination dates. The Faculty of Health Sciences has set School-specific dates for these Special Examinations. Please speak with your instructor about the date on which the Special Examination for this course will be held.

Scholastic Offences

Scholastic offences are taken seriously and students are directed to read the policy on [Scholastic Discipline for Undergraduate Students](#).

Plagiarism

Student work is expected to be original. Plagiarism is a serious academic offence and could lead to a zero on the assignment in question, a zero in this course, or your expulsion from the university. You are plagiarizing if you insert a phrase, sentence or paragraph taken directly from another author without acknowledging that the work belongs to him/her. Similarly, you are plagiarizing if you paraphrase or summarize another author's ideas without acknowledging that the ideas belong to someone else. All papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and Turnitin.com (www.turnitin.com).

Re-submission of Previously Graded Material

Without the explicit written permission of the instructor, you may not submit any academic work for which credit has been obtained previously, or for which credit is being sought, in another course or program of study in the University or elsewhere.

Use of Statistical Pattern Recognition on Multiple Choice Exams

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Accessibility Statement

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Accessible Education (AE) at 661-2111 x 82147 for any specific question regarding an accommodation or review [The policy on Accommodation for Students with Disabilities](#). If you think you may qualify for ongoing accommodation (e.g. separate room to write exams, flexibility with deadlines, etc.) that will be recognized in all your courses, we encourage you to visit [Accessible Education](#) for more information.

Correspondence Statement

The centrally administered e-mail account provided to students will be considered the individual's official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at their official university address is attended to in a timely manner. Students are further expected to attend to announcements presented through Brightspace, and to read emails generated in this way.

Use of Electronic Devices

During Exams

Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices (e.g., cell phones, tablets, cameras, smart glass, smart watches, or iPods) during ANY tests, quizzes, midterms, examinations, or other in-class evaluations. **These devices MUST either be left at home or with your belongings at the front of the room. They MUST NOT be at your test/exam desk or in your pocket. Any student found with a prohibited device will be referred for investigation of a Scholastic Offence, per the policy listed above. The typical first-offence penalty for possession of a prohibited device is zero on the test or exam.**

During Lectures and Tutorials

Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in a particular class.

Copyright and Audio/Video Recording Statement

Course material produced by faculty is copyrighted and to reproduce this material for any purposes other than your own educational use contravenes Canadian Copyright Laws. Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.

Contingency Plan for an In-Person Class Pivoting to 100% Online Learning

In the event of a situation that requires this course to pivot to online content delivery, all remaining course content will be delivered entirely online, either synchronously (i.e., at the times indicated in the timetable) or asynchronously (e.g., posted on Brightspace for students to view at their convenience). The grading scheme will **not** change. Any remaining assessments will also be conducted online as determined by the course instructor

Note that disruptive behaviour of any type during online classes, including inappropriate use of the chat function, is unacceptable. Students found guilty of Zoom-bombing a class or of other serious online offenses may be subject to disciplinary measures under the Code of Student Conduct.

Online Proctoring

Tests and examinations in this course may be conducted using a remote proctoring service. By taking this course, you are consenting to the use of this software and acknowledge that you will

be required to provide **personal information** (including some biometric data) and the session will be **recorded**. Completion of this course will require you to have a reliable internet connection and a device that meets the technical requirements for this service. More information about this remote proctoring service, including technical requirements, is available on Western's Remote Proctoring website at: <https://remoteproctoring.uwo.ca>.

Academic Appeals and Scholastic Offences

Students can file a **request for relief from academic decisions** if the request is based on one or more grounds listed in the policy. Students can read more about the policy [here](#) and a link to the procedures is listed in the Support Services sections of this document.

Students may **appeal** some academic and scholastic disciplinary decisions by a Dean or their designate, to the Senate Review Board Academic (SRBA). Students can read more about the policy [here](#) and a link to the procedures is listed in the Support Services section of this document.
