# Welcome to Western!

We are glad to have you with us! To ensure your pay reaches you, we encourage you to visit [My Human Resources](#), our online employment information system. There you can provide us with important direct deposit data, check your address and access your pay and benefit information. Just go to [www.uwo.ca/hr](http://www.uwo.ca/hr) and under Login Tools in the top right corner, choose [My Human Resources](#), then login.

## What information do I need to log in?

- If you are a new employee, or a student who has had an employment relationship with Western in the past, enter the user ID and password assigned to you as an employee.
- New Graduate Teaching Assistants, Graduate Research Assistants and Work Study Students: use the same user ID and password you have been given to access student systems.
- New student employees: You **may** be issued a user ID and password different from the one you use as a student. If not, many new student employees are registered to use their student user ID and password.

Not sure of your user ID and password? Contact the WTS Computer Accounts Office at 519-661- 3800. They will require your Western ID number or student ID number and other identification to serve you.
