

**Department of Clinical Neurological Sciences
Schulich School of Medicine & Dentistry,
Western University and Windsor Regional Hospital**

Clinical Academic Position – Neurologist (Stroke Specialist)

The Department of Clinical Neurological Sciences at the Schulich School of Medicine & Dentistry and the Department of Medicine at Windsor Regional Hospital is seeking a **full-time Stroke Neurologist** to join Windsor Regional Hospital's stroke service. The candidate will fill a clinical academic role as a Clinician Teacher at Western University. Applicants should be certified, or eligible for certification, in Neurology by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. The successful candidate will hold a limited-term clinical academic appointment at the rank of **Assistant Professor** in the Department of Clinical Neurological Sciences at the Schulich School of Medicine & Dentistry, Windsor campus.

Western University delivers an academic experience second to none. Western challenges the best and the brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

The Division of Neurology in the Department of Medicine at the Windsor Regional Hospital has 5 adult neurologists, including 1 stroke neurologist. The hospital has an enhanced district stroke center and has provided hyperacute stroke treatment to the region for the last twenty years. It also has a stroke prevention clinic, and a 16-bed acute stroke unit. Three additional stroke neurologists have been recruited to expand the stroke program, starting July 2023. EVT treatment is available 24/7 by 3 Interventionalists currently. The hospital has participated in several multicenter clinical trials in stroke in the past and is planning to enhance participation in stroke research. Section members teach medical students and residents at hospital and in the Windsor campus of the Schulich School of Medicine. A single site new state-of-the-art acute care hospital is due to begin construction in the next few years which will provide further opportunity to expand neuroscience program.

The successful candidate will have a record of proven ability for education and will have completed at least two years of clinical fellowship training in Cerebrovascular Disease AND at least two years of clinical fellowship training in Interventional Neuroradiology in a high-volume centre. Ideally, the candidate should have earned a diploma as a Scholar in Stroke Medicine granted by the Canadian Stroke Consortium or an equivalent international certification.

Candidates will be expected to have been involved in graduate and undergraduate education and supervision of postgraduate students. Candidates will have a track record of academic presentations at hospital rounds and lecturing at national or international scientific meetings. Experience in designing and implementing quality improvement initiatives will be considered a strength for this position. Although this is a position for a Clinician Teacher, candidates are expected to be involved in research activities as part of their academic appointment and therefore expected to have published actively in peer-reviewed journals in the last 3 years. Ideally, the candidate should be able to demonstrate a history of established national or international research collaborations. Preference will be given to candidates proficient in English, with basic knowledge of French and Spanish.

Clinical work will include the TIA Clinic, Urgent Neurology clinic, stroke consults, inpatient stroke service, and Stroke/General Neurology calls at the Metropolitan and Ouellette campuses, including nighttime and weekend coverage. The successful candidate will have an equal share in the EVT call schedule.

Compensation will be based on qualifications and experience and will be exclusively composed of fee for service.

Interested candidates should submit a letter of intent and accompanying curriculum vitae, along with the names and addresses of three references to be contacted, to:

*Department of Clinical Neurological Sciences
c/o Manager, Administration & Finance
Schulich School of Medicine and Dentistry, Western University
University Hospital, Room C7-002
339 Windermere Road
London, ON N6A 5A5 CANADA
nicole.farrell@lhsc.on.ca*

Please ensure that the form available at: <https://www.uwo.ca/facultyrelations/careers/pdf/application-full-time-clinical.pdf> is completed and included in your application.

Review of applicants begins March 31st, 2023 and will continue until the position is filled. The expected start date is July 1, 2023 or as negotiated.

Only those selected for an interview will be contacted.

Business Addresses:

Western University, 1151 Richmond Street, N., London, Ontario N6A 5B8, www.uwo.ca
London Health Sciences Centre, 800 Commissioners Road E., London Ontario, N6A 5W9, www.lhsc.on.ca
St. Joseph's Health Care London, 268 Grosvenor Street, London Ontario, N6A 4V2, www.sjhc.london.on.ca
Windsor Campus, University of Windsor, 401 Sunset Avenue, Dr. Murray O'Neil Medical Education Centre, Windsor, Ontario, N9B 3P4 <https://www.uwindsor.ca/medicine/>

Successful candidates will be required to comply with the policies and protocols of the applicable affiliated institutions.

Positions are subject to budget approval. Applicants should have fluent written and oral communication skills in English. The University invites applications from all qualified individuals. Western is committed to employment equity and diversity in the workplace and welcomes applications from women, members of racialized groups, Indigenous peoples, persons with disabilities, persons of any sexual orientation, and persons of any gender identity or gender expression.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Accommodations are available for applicants with disabilities throughout the recruitment process. If you require accommodations for interviews or other meetings, please contact Nicole Farrell at nicole.farrell@lhsc.on.ca or 519-663-3672.
