

**Department of Medical Imaging, Division of Diagnostic Radiology  
Schulich School of Medicine & Dentistry, Western University**

**ACADEMIC POSITION: Body Imaging Radiologist – Two positions available**

The Department of Medical Imaging, Division of Diagnostic Radiology, Schulich School of Medicine & Dentistry, at Western University, London Health Sciences Centre and St. Joseph's Health Care is seeking **two Body Imaging Radiologists** for two full-time clinical academic appointments to Western University. Rank (Assistant, Associate or Full Professor) and appointment status (limited term or continuing) will be determined by experience and qualifications at the time of appointment.

The Department of Medical Imaging at Western University is an integrated city-wide sub-specialty practice across the three Hospital sites: University Hospital (UH) and Victoria Hospital (VH), collectively known as the London Health Sciences Centre (LHSC), and St. Joseph's Health Care London (St. Joseph's). The Department provides multiple regional services to a population of >2M.

There are opportunities for an enthusiastic radiologist to contribute to the integrated, multi-disciplinary and collegial Academic Medical Imaging Department in the Body Imaging Division.

**Position Profile:** The successful candidates will be appointed to a full-time Clinical Academic appointment in the Department of Medical Imaging at the Schulich School of Medicine & Dentistry. The successful candidate will take an active role in the Citywide Body Imaging Subspecialty Division and must be dedicated to outstanding quality in clinical operations, demonstrate leadership, teaching and/or research abilities. The successful candidate will have completed a Fellowship in Body Imaging Radiology, must have an interest in academic radiology and will need to be committed to outstanding quality in clinical operations, including patient care, teaching and research. The academic component of this position is predominately located at LHSC – (one position at University Hospital; one position at Victoria Hospital) and the Schulich School of Medicine & Dentistry. One day of protected academic time to support research and teaching is provided. Consideration of applicants will include an assessment of previous performance, qualifications which go beyond the requirements for the position, and experience.

**Body Imaging:** Division Head – Zahra Kassam ([Zahra.Kassam@sjhc.london.on.ca](mailto:Zahra.Kassam@sjhc.london.on.ca))

The successful candidate will join a division of 31 dedicated Body Imaging radiologists. The successful candidate will need to demonstrate successful team building skills in addition to the advanced diagnostic and interventional skills required for this position. There are excellent established collaborations across all affiliated Body Imaging disciplines with frequent participation in multi-disciplinary rounds and a full complement of diagnostic and interventional procedures.

**Infrastructure:** City wide fleet replacement with state-of-the-art Computed Tomography (six Aquilion ONE 320 Genesis Edition, and one Aquilion Prime), Magnetic Resonance Imaging (three 3.0T, and three 1.5T), interventional angiography suites (three biplane and four single plane units), and Ultrasound units in combination with strong Industry-Academic partnerships will strengthen the academic mission.

**Qualifications:** The successful candidate will hold certification in Diagnostic Radiology with the Royal College of Physician and Surgeons of Canada or international equivalent and will need to meet the current credentialing requirements of LHSC and St. Joseph's. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. Subspecialty Fellowship training in Body Imaging is required. Additional sub-specialty expertise in another area will be a distinct advantage. The successful candidate will be a self-starter, team player and be willing to participate in all aspects of academic imaging and intervention including on-call duties as required by the Chair/Chief of the Department.

Interested candidates are strongly encouraged to contact the respective Division Head and/or the Chair-Chief for further details.

**Compensation Details:** Remuneration will include fee for service and alternative funding plan revenue.

**The City:** London, Ontario. London is Canada's 11<sup>th</sup> largest city with a population over 440,000, a catchment area of 2 million, and is situated in southwestern Ontario between Toronto and Detroit. The region has a diverse economy and excellent educational opportunities. It is a safe and diverse city and its numerous parks, trails, recreational, cultural and sporting opportunities make it an attractive place to live.

**The University:** Western University is a research-intensive university with full-time enrolment of about 34,000 students with a full range of academic and professional programs. The Schulich School of Medicine & Dentistry provides an outstanding educational experience within a research-intensive environment where tomorrow's physicians, dentists and health researchers learn to be socially responsible leaders in the advancement of human health.

**London Health Sciences Centre (LHSC):** One of Canada's largest acute-care teaching hospitals, LHSC is dedicated to excellence in patient care, teaching and research. For more than 138 years, LHSC has provided patient care for the people of London, the region, and beyond. Many national and international medical breakthroughs have been pioneered at LHSC, to the benefit of patients locally and around the world including the first liver transplant in Canada. LHSC is home to a strong established surgical program, the regional trauma center, and the London Regional Cancer Program (LRCP), a world class cancer care facility that provides comprehensive care to oncology patients from across Southwestern Ontario. There is a wide breadth of interesting pathology seen at LHSC including hepatic disorders, inflammatory bowel disease, and an array of oncologic imaging.

**Physician Teams:** As a physician team providing a suite of diagnostic and interventional services in medical imaging, our physician teams strive for high quality patient-centered care, academic excellence and innovation based on the robust relationships with the London Hospitals and University. Physicians have built enduring clinical collaborations with local and regional partners through collegiality and respect. Beyond augmenting clinical proficiency across multiple disciplines, we value and have a well-established culture of commitment to teaching, research and administration. University Hospital based position is associated with London Medical Imaging Associates (LMIA); Victoria Hospital based position is associated with Forest City Imaging Associates (FCIA).

**Research:** The Department of Medical Imaging supports and encourages opportunities to engage in imaging related research with the Robarts Research Institute ([www.robarts.ca](http://www.robarts.ca)) and Lawson Health Research Institute ([www.lawsonresearch.ca](http://www.lawsonresearch.ca)), in association with Western University and Schulich School of Medicine and Dentistry.

**To Apply:** Qualified candidates must complete, sign and include the online application form at: <http://www.uwo.ca/facultyrelations/careers/pdf/application-full-time-clinical.pdf>. Applications must include the completed online application form, a letter of interest indicating the sub-specialty position, statement of academic qualifications and career goals, highlights of accomplishments, curriculum vitae, the names and addresses of three references and be submitted to:
