

**Department of Medicine, Division of Hematology
Schulich School of Medicine & Dentistry, Western University
ACADEMIC POSITION – MALIGNANT HEMATOLOGY – LYMPHOMA/MYELOMA**

The Department of Medicine, Division of Hematology Schulich School of Medicine & Dentistry, at Western University and London Health Sciences Centre and St. Joseph's Health Care Centre are seeking a **Hematologist** with at least one (1)-year experience in Malignant Hematology with a focus in lymphoproliferative disorders/multiple myeloma for a full-time academic appointment to Western University. The candidate will fill a clinical academic role as a Clinician Researcher or a Clinician Teacher.

The Division of Hematology currently has 16 members and is well-recognized and respected both nationally and internationally. The Division's physicians provide the whole range of hematologic services including all malignant hematology (leukemia, lymphoma, and myeloma), stem cell transplantation, thrombosis and hemophilia services as well as laboratory service in Southwestern Ontario and beyond. The Division has a fully certified Royal College Subspecialty Training Program in the Department of Medicine.

The successful candidate is expected to have completed training in Hematology and is expected to have a strong interest and a proven track record in clinical research or education related to Hematology with a focus in lymphoproliferative disorders and related conditions. Additional training in the management of patients with lymphoproliferative disorders / multiple myeloma is highly desirable. Applicants should be certified, or eligible for certification, in Hematology by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD, or equivalent, and must be eligible for licensure by the College of Physicians & Surgeons of Ontario (CPSO) in the province of Ontario. The successful candidate will hold a limited term academic appointment at the rank of Assistant Professor or Associate Professor, or a continuing academic appointment at the rank of Associate Professor or Professor depending on qualifications and experience. Information about the Department of Medicine and Division of Hematology may be found at: [Medicine - Western University \(uwo.ca\)](http://Medicine - Western University (uwo.ca))

The successful candidate will join a busy academic practice in Hematology in Southwestern Ontario serving a population of 1.5 million. The Division serves as a regional referral centre for a breadth of hematological disorders both benign and malignant and is the main referral centre for the management of patients with acute leukemia and related disorders. The group has a proven track record of conducting clinical studies and the Division is home to a highly successful and internationally recognized Royal College accredited hematology training program. The successful candidate will be expected to oversee the management of patients with complex malignant hematological conditions and to contribute to the general hematology activities of the division. The successful candidate will have a strong demonstrated record of teaching, research and publications and will be expected to maintain and support ongoing divisional research activities. The successful candidate will also have a commitment to and demonstrated aptitude for teaching, and will be expected to teach at the undergraduate and graduate levels and to supervise graduate trainees.

The Schulich School of Medicine & Dentistry at Western University is one of Canada's preeminent medical and dental schools. Established in 1881, it was one of the founding schools of Western University and is known for being the birthplace of family medicine in Canada. For more than 130 years, the School has demonstrated a commitment to academic excellence and a passion for scientific discovery. Throughout its history, Schulich Medicine & Dentistry has helped educate generations of physicians, dentists, scholars and scientists whose collective work has transformed the practice of medicine and dentistry, here in Canada and around the world. Faculty, students, and alumni continue to fulfill their responsibilities as global leaders by sharing their knowledge and expertise for the benefit of all.

Western University is located in London, Ontario, with a metropolitan census of 515,000. London boasts an extensive educational and health care community including three teaching hospitals, two research institutes, an Institute for Clinical Evaluative Sciences (ICES) node, and an academic health sciences network across Southwestern Ontario. With full time enrollment of 32,000, Western graduate students from a range of academic and professional programs.
