

Developmental Paediatrician
CLINICAL ACADEMIC POSITION

**Department of Paediatrics
Schulich School of Medicine & Dentistry, Western University**

The Department of Paediatrics, Children's Hospital, London Health Science Centre, and Schulich School of Medicine & Dentistry, Western University is seeking a fully certified Developmental Paediatrician to join the Division of Developmental Paediatrics. Candidates with a strong leadership interest and established track record or experience in leadership activities are preferred.

The Division of Developmental Paediatrics provides a comprehensive array of clinical services across the spectrum of Developmental Paediatrics and has a growing clinical research program. Children with emerging and diagnosed developmental disorders are assessed and managed in collaboration with the TVCC, the Child and Parent Resource Institute and Community based mental health agencies. Collaboration occurs with colleagues in Neurology, Genetics, Psychiatry, Physiatry, Complex Care, Community Paediatrics, Psychology and Social Work.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

Children's Hospital is the only tertiary care center between Toronto and Winnipeg, serving a population of approximately 500,000 children. The Paediatric Critical Care is 12 bed tertiary care unit with an annual admission of over 900 patients. Paediatric Critical care offers Royal College approved fellowship training program in paediatric critical care medicine. In addition, Children's Hospital has 64 general paediatric beds, 46 neonatal beds and a very active emergency department. The Department of Paediatrics in London has over 100 faculty members, 40 trainees, and provides a full array of Paediatric sub-specialty services. The Children's Hospital has a Quality and Safety Committee and has formed partnerships within various international quality improvement initiatives. The department has 5 basic scientists as core members and numerous opportunities exist for clinical, epidemiological, translational, and basic science research.

London has a metropolitan census of 530,000 people with the amenities of a big city but friendliness of a small town. London is located in the heart of the Great Lakes region, 2 hours from both Toronto and Detroit. Western University is a research-intensive institution with a wide range of academic and professional programs (see <http://www.uwo.ca> and www.ledc.com/why-london to learn more). Western's Recruitment and Retention Office is available to assist in the transition of successful applicants and their families.

Candidates for this position must have an MD or equivalent degree and must be eligible for licensing in the Province of Ontario, and an FRCPC in Paediatrics or equivalent. Subspecialty certification in Developmental Paediatrics from the Royal College of Physicians and Surgeons of Canada or equivalent is required. The successful candidate will be a Clinician Teacher or Clinician Researcher and hold a full-time Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, depending upon qualifications and experience at the time of appointment.

Successful candidates will have demonstrated an ability to collaborate effectively with a wide range of members of the research and health care team and will have demonstrated strong communication and management skills. The successful candidate will also be expected to contribute to teaching, both at the undergraduate and postgraduate level. The successful candidate will join a Division which includes 5 other Developmental Paediatricians within the Department of Paediatrics. We are committed to providing an environment in which the successful candidate can pursue an area of interest within our sub-specialty. We are very open to new and creative ideas for our academic and clinical mission and encourage applicants to present their vision of their role as part of the Division.

Compensation for this position will be commensurate with qualifications and experience, and will be primarily composed of an alternative funding plan and academic salary. The anticipated start date for the position is September 1, 2023, although an alternate start date may be negotiated.

Interested candidates should submit a letter of interest, including curriculum vitae and names and contact information of three references to:

Craig Campbell, MD, FRCPC
Interim, Chair/Chief, Department of Paediatrics
800 Commissioners Road East,
London, Ontario, Canada N6A 5W9
Email: craig.campbell@lhsc.on.ca

Applications will be accepted until the position is filled. Review of applications will begin after **June 15, 2023**.

Please ensure that the form http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf is included in your application. The anticipated start date for this position is July 1, 2023, although an alternate start date may be negotiated.

Successful candidates will be required to comply with the policies and protocols of the applicable affiliated institutions.
