

Applications are invited for a one-year, limited term appointment in the area of Environmental Engineering at the rank of Assistant Professor effective August 1, 2021 or as soon as possible thereafter.

The Department of Civil & Environmental Engineering is one of the top civil engineering programs globally [ranked # 1 in Canada and # 15 in the world, ARWU (2020)], with a strong international reputation in both research and teaching. We have an established international reputation in environmental, geotechnical, structural and wind engineering. Our success in attracting students and funding is based on our dedication to excellence in teaching and research.

The Department is seeking an energetic and dynamic candidate who will be able to contribute to and complement the Department's teaching activities in the broad area of Environmental Engineering. The highly qualified individual employed will be responsible for teaching six courses at the undergraduate and graduate levels with flexible assignment in the area of Environmental Engineering. The position is a 12-month full-time appointment. Candidates must have a first degree (B.A.Sc., B.Eng., or Equivalent in Civil Engineering) and a Ph.D. degree in Engineering in the area of Environmental Engineering (or a related discipline). Teaching experience is an asset. The appointee will be expected to participate in the normal administrative, educational and professional activities of the Department, Faculty and University. Eligibility for registration as a Professional Engineer in Ontario is required for this appointment.
