

CLINICAL ACADEMIC PSYCHIATRIST

Division of Adult Psychiatry
Department of Psychiatry
Schulich School of Medicine & Dentistry, Western University
London Health Sciences Centre, St. Joseph's Health Care London

The Department of Psychiatry, Schulich School of Medicine & Dentistry, is inviting applications for full-time clinical academic faculty positions (5 positions) within the division of Adult Psychiatry in our affiliated teaching hospitals, London Health Sciences Centre and St. Joseph's Health Care London. The Department seeks colleagues who are interested in being part of a dynamic team and committed to providing evidence-informed, compassionate clinical care.

The successful candidate should bring knowledge and experience providing patient care within an area of adult psychiatry, which includes inpatient, ambulatory, addictions, emergency, and consultation-liaison psychiatry.

The successful candidate will serve as a role model and supervisor for our undergraduate medical students, psychiatry residents, and clinical research fellows. Successful candidates must have a strong academic background which includes supervision and training of trainees and have demonstrated scholarship. Consideration of applicants will include an assessment of previous performance in teaching, research and health care leadership, qualifications (including subspecialty and enhanced training), and experience. Successful candidates seeking research careers must have a record of productivity and eagerness to serve as a research mentor for trainees.

The Department of Psychiatry is organized around four academic divisions including General Psychiatry, Geriatric Psychiatry, Child and Adolescent Psychiatry, and Forensic Psychiatry. The Department has internationally recognized strengths in psychosis, neuroimaging, mood and anxiety disorders, PTSD, aging, and developmental disabilities. Our faculty also engage in cutting-edge research across the age spectrum from early intervention for psychosis and mood and anxiety disorders to non-pharmacological interventions for the elderly, as well as in neuroimaging, trauma, neuromodulation, Indigenous health, homelessness, smart technology, consciousness, youth engagement, global mental health, substance usage, and epidemiology. We are committed to ensuring that our students, clerks and residents have the optimum learning and training experiences with opportunities to engage in both clinical and basic science research. We have three robust residency programs, General, Geriatrics, and Child & Adolescent Psychiatry. The relationship between faculty and residents is strong and collegial.

London Health Sciences Centre (LHSC) is comprised of Victoria Hospital, the main centre of our acute psychiatry services; University Hospital; and affiliated community teaching clinics. Children's Hospital is physically located within LHSC. It provides local and regional care for children and adolescents with acute and more persistent mental health needs. St. Joseph's Health Care London's primary psychiatric site is Parkwood Institute, which serves as a regional rehabilitation resources for patients with serious and persistent mental illnesses. The Southwest Centre for Forensic Mental Health Care's mission is to provide specialized assessment and treatment for people in contact with the criminal justice system. St. Joseph's Hospital, Mount Hope Centre for Long Term Care, and community clinics complete the St. Joseph's family of facilities. The hospitals share a rich tradition of strong and close collaboration.

The Schulich School of Medicine & Dentistry at Western University is one of Canada's preeminent medical and dental schools. For more than 130 years, the school has demonstrated a commitment to academic excellence and a passion for scientific discovery. With annual research funding exceeding \$220 million and an international reputation for success, Western ranks as one of Canada's top research-intensive universities. Attracting individuals with a broad worldview seeking to study, influence and lead in the international community, Western challenges the best and the brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application.

Western University is located on 1,200 picturesque acres along the banks of the river Thames in beautiful London, Ontario, a city of 530,000 located within a 2-hour drive from Toronto and Windsor, Ontario / Detroit, Michigan. London boasts an extensive educational and health care community including two research institutes, an Institute for Clinical Evaluative Sciences (ICES) node, and an academic health sciences network across Southwestern Ontario. With full-time enrollment of 32,000, Western teaches graduate students from a range of academic and professional programs. Details about Western University's Schulich School of Medicine & Dentistry may be found at www.schulich.uwo.ca; Western University at www.uwo.ca; the Department of Psychiatry at <https://www.schulich.uwo.ca/psychiatry/>; London Health Sciences Centre at www.lhsc.on.ca; Children's Hospital at <https://www.lhsc.on.ca/childrens-hospital/welcome-to-the-childrens-hospital> and St. Joseph's Health Care at www.sjhc.london.on.ca.

The City of London has a growing population of approximately 500,000 with a diverse cultural mix and the hospitals serve a region of two million. London is safe, family-oriented, affordable and located in the heart of the beautiful

Great Lakes region. It is known as the “Forest City”, due to its plethora of trees. The center of London is graced by the Thames River with nearly 30 kilometers of bicycle trails hugging the riverbanks. London is a quick one-hour drive to Stratford, known for its exceptional influences in the arts and theatre performance. In addition, London is central to its nearby cities of Toronto and Detroit and the majestic Niagara Falls.

Rank (Assistant, Associate or Full Professor) and appointment status (limited term or continuing) will be determined by experience and qualifications at the time of appointment. Candidates must hold an MD or equivalent and be eligible for licensure in the Province of Ontario. Specialist certification in Psychiatry from the Royal College of Physicians and Surgeons of Canada or an equivalent certification body is required.

Please submit your application, including curriculum vitae, statement of career goals, highlights of accomplishments, names and contact information for 3 references to the following:
