

**DEPARTMENT OF MEDICINE, DIVISION OF INFECTIOUS DISEASES**

**Schulich School of Medicine & Dentistry**

**Western University, London Health Sciences Centre and St. Joseph's Health Care London**

**CLINICAL ACADEMIC POSITION – TRANSPLANT INFECTIOUS DISEASES – CLINICIAN TEACHER**

The Department of Medicine, Division of Infectious Diseases (ID), Schulich School of Medicine & Dentistry, at Western University, London Health Sciences Centre and St. Joseph's Health Care are seeking physicians for full-time clinical academic appointment to Western University.

Applicants should be certified, or eligible for certification, in Infectious Diseases by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. Rank and term of appointment, either as a Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, will depend upon qualifications and experience at the time of appointment.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, the Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

The Schulich School of Medicine & Dentistry at Western University is one of Canada's preeminent medical and dental schools. Established in 1881, it was one of the founding schools of Western University and is known for being the birthplace of family medicine in Canada. For more than 130 years, the School has demonstrated a commitment to academic excellence and a passion for scientific discovery. Throughout its history, the Schulich Medicine & Dentistry has helped educate generations of physicians, dentists, scholars and scientists whose collective work has transformed the practice of medicine and dentistry, here in Canada and around the world. Faculty, students and alumni continue to fulfill their responsibilities as global leaders by sharing their knowledge and expertise for the benefit of all.

The Division of Infectious Diseases is well-recognized and respected both nationally and internationally. The Division's physicians provide secondary and tertiary general Infectious Diseases (ID) and HIV (Human Immunodeficiency Viruses) care for the City of London, Southwestern Ontario and beyond.

The expected role includes education of Infectious Diseases fellows, residents, and medical students. The successful candidate will have significant experience providing excellent clinical care, and will be expected to participate in the academic commitment of the Division and Department. The successful candidate must have substantial training and experience in the area of Immunocompromised patients / transplantation field. The incumbent will support the Multi-Organ Transplant Service and the Clinical and Academic Programs at Western University. This program involves a solid organ transplant service (heart, liver, kidney, pancreas), Postoperative consultations for lung transplant patients is also provided. A transplant ID hematological service involves allogeneic and autologous stem cell transplants, in addition to patients with AML, Lymphoma and other hematological conditions. The Transplant Infectious Diseases Program provides training for both general Infectious Diseases fellowship (R4 and R5), as well as, Transplant Infectious Diseases Fellowship trainees (R6 and R7). There will be ample opportunity for research within the Division and collaboration with other members of the Department of Medicine including basic science researchers. Consideration of applicants will include an assessment of previous performance in research and teaching, qualifications and experience. The successful candidate for this position will have a record

of proven ability for teaching and will be expected to teach at the undergraduate and post-graduate levels and to supervise graduate trainees.

Compensation for this position will be commensurate with qualifications and experience and will primarily include fee-for-service (OHIP billings), Alternative Funding Plan, and academic salary.

Those interested in applying for this position should forward a Letter of Interest/Statement of Academic Qualifications, Curriculum Vitae, the coordinates for 3 referees one of whom must be a leader (e.g.: Department Chair, Division Chair), and also complete, sign and include the form found at the following link: [http://uwo.ca/facultyrelations/physicians/Application\\_FullTime\\_Clinical.pdf](http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf) to:
