The Department of Otolaryngology Head and Neck Surgery at the Schulich School of Medicine & Dentistry at Western University invites applications for a full-time academic Otolaryngologist specializing in Head and Neck Surgical Oncology.

The London Health Sciences Centre Otolaryngology - Head and Neck Surgery Program serves a catchment area of more than 1.5 million residents in Southwestern Ontario. The regional service also provides tertiary and quaternary level care to patients from other regions of the province and plays an essential role in the support of several other regional programs. The Department Otolaryngology - Head and Neck Surgery is heavily involved in undergraduate, post-graduate and continuing medical education programs at a high level. The applicant would be joining four other fellowship trained head and neck surgical oncologists each with their individual mandate of leadership, education and/or research.

Position Profile

The successful candidate will be a Clinician Teacher or Clinician Researcher and hold a Full-Time Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Full Professor, depending upon experience and qualifications at the time of appointment.

Academic and Clinical Expectations

The successful candidate will be Fellowship trained in Head and Neck Oncology and be interested in pursuing a strong academic career. The ideal candidate will be expected to participate actively in the Department’s academic, research and education initiatives including teaching and supervision of undergraduate students and postgraduate trainees. The position involves at least 40%-time commitment to research, education and/or administrative service activities in the Department, Hospital and/or the University dependent upon the appointment category. Applicants considered at the rank of Associate or Full Professor must have demonstrated the ability to publish in the highest quality academic and subspeciality outlets and be a recognized expert in their field of research.

Qualifications

The successful candidate must have an MD or equivalent and have specialty certification in Otolaryngology – Head and Neck Surgery by the Royal College of Physicians and Surgeons of Canada, be eligible for licensure in the Province of Ontario, and have completed training in or developed a focus of expertise that would be complimentary to the department’s academic environment. Specifically:

1. Fellowship training in Otolaryngology specializing in Head and Neck Surgical Oncology
2. Teaching procedures to Otolaryngology residents and residents in other closely allied fields.
3. A keen interest in academic medicine including research, and teaching at the undergraduate and post graduate levels.
4. The ability to collaborate effectively with all other members of the health care team and department staff.
5. Advanced training in a discipline complementary to the academic mission of the department having shown success in research publications in the area of Otolaryngology Head and Neck Surgery.
Compensation

Compensation for this position will be commensurate with qualifications and experience and will be primarily composed of the following sources: Fee for service (OHIP billings) and Alternative Funding Plan.

The City of London

The University campus is in London, with a metropolitan census of approximately 530,000, located midway between Toronto and Detroit. London boasts an international airport, galleries, theatre, music and sporting events and is located close to several lakes and facilities for outdoor activities (www.goodmovelondon.ca). Western’s Recruitment and Retention Office is available to assist in the transition of successful applicants and their families to the university and city.

The University

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

Western University is a research-intensive university with full-time enrolment of about 34,000 students with a full range of academic and professional programs. The Schulich School of Medicine & Dentistry provides an outstanding educational experience within a research-intensive environment where tomorrow's physicians, dentists and health researchers learn to be socially responsible leaders in the advancement of human health.

To Apply

Applications will be accepted until the position is filled. Review of applications will begin after March 6, 2023 with an anticipated start to be negotiated. Interested candidates should send a letter of interest and statement of academic qualifications, curriculum vitae, the names and addresses of three references, and also complete, sign and include the form from the following link:
