

Teaching Scholar in Mathematics

The University of Western Ontario invites applications for a Probationary Teaching Scholar (TS) position. The start date is anticipated to be no later than September 1, 2023. The starting salary will be commensurate with qualifications and experience.

Applicants must have a PhD degree in Mathematics or closely related subject, as well as previous experience in teaching mathematics at the university level. The appointment will be made to the Department of Mathematics, and the successful candidate will support the teaching mission of the Department. Teaching duties will include up to 6 one-semester courses per year at the undergraduate level. The TS position also has a scholarship component: the candidate is expected to engage in scholarship activities that broaden the scope of their teaching responsibilities, and to share their expertise with colleagues.

Western recognizes that our commitment to equity, diversity and inclusion is central to the University's mandate as a research-intensive institution of higher learning. As a community leader we understand that our commitment to equity, diversity, inclusion, and decolonization are mutually supporting and contribute to our pursuit of research excellence. The University seeks qualified candidates who share our commitment to equity and inclusion, who will contribute to the diversification of ideas and perspectives; applications from First Nations, Métis and Inuit peoples, members of racialized communities, persons with disabilities, women, persons of any sexual orientation, and persons of any gender identity or gender expression are encouraged to apply.

Assets include:

- demonstrated interest and/or experience in Math Education: the scholarship of teaching and learning
- experience in providing high-impact learning experiences for undergraduates
- experience in teaching undergraduate courses with large (> 250 student) enrolments
- experience in course administration, or training and management of teaching assistants
- training in pedagogy or experience with educational development

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff, and students to commit to the highest global standards. Western attracts individuals with a broad worldview, seeking to study, influence, and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social, and cultural growth in order to better serve our communities.

The Department of Mathematics (www.math.uwo.ca) is a vibrant and collegial workplace with around 30 teaching and research faculty. In addition to teaching students in our programs, our courses serve many undergraduates from across campus, particularly from the Faculties of Science, Social Science, and Engineering.

Interested applicants should submit online via [mathjobs.org](https://www.mathjobs.org) at:

<https://www.mathjobs.org/jobs/list/22061>

A complete application consists of

- (1) the Application for Full-time Faculty Position Form, available [here](#);
- (2) a cover letter addressing how your expertise, experience and proposed scholarship activities fit this position;
- (3) an up-to-date curriculum vitae;
- (4) a summary of past achievements in classroom teaching, curriculum development, or other materials demonstrating excellent teaching practice;
- (5) a plan for scholarship activities; (maximum 2 pages)
- (5) contact details for at least three professionals who can provide letters of support.

Applications will be accepted until the position is filled. Review of applications will begin on March 7th, 2023. We thank all applicants for their interest, but only those selected for an interview will be contacted.

Positions are subject to budget approval. Applicants should have fluent written and oral communication skills in English. The University invites applications from all qualified individuals. Western is committed to employment equity and diversity in the workplace and welcomes applications from women, members of racialized groups/visible minorities, Indigenous peoples, persons with disabilities, persons of any sexual orientation, and persons of any gender identity or gender expression.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Accommodations are available for applicants with disabilities throughout the recruitment process. If you require accommodations for interviews or other meetings, please contact math-pos@uwo.ca.
