

REQUIRED SUPPLEMENTAL INFORMATION

2026 Admissions to MScFN Course-based and Project-based Practicum Programs

Thank you for your interest in our programs. Please fill out this form and upload with your application. Applications for Master of Science in Foods and Nutrition with Practicum Programs will remain open until 11:59pm EST, January 12, 2026.

1. I confirm I have access to reliable transportation to get to placements, including places where public transit may not be available. I understand that I am expected to manage my own travel arrangements to all placement sites, at my own cost, for the entire duration of the practicum.

☐ Yes

☐ No

2. This program requires individuals to participate in practicums in healthcare organizations. As a condition of learning in these organizations, students are required to show evidence of meeting health and safety requirements including vaccinations and vulnerable sector screening.

I understand that I must provide evidence that health and safety requirements are met including documentation of vaccinations (such as COVID-19) and vulnerable sector screening.

☐ Yes

☐ No

3. I confirm I will update my documentation as needed throughout the duration of the program to satisfy the practicum's health and safety requirements.

☐ Yes

☐ No

If you have questions/concerns about the program health and safety requirements, please contact fnsgrad@uwo.ca. This must be done PRIOR to final application submission

4. I will follow the ethical standards as outlined in the [College of Dietitians Code of Ethics](#) for the duration of the program

☐ Yes

☐ No

5. Please rank your **top 3** preferred placement regions. Please use numbers 1, 2, or 3 next to your choices. We strongly recommend that you review details regarding each placement region. For detailed information on each placement region, please visit our practicum website. Students admitted to either program will complete the majority of their practicum in a region assigned at the time of admission.

Note: If your desired region or specific placement organization in Ontario is not listed, please select "Other" and provide details in the space provided.

- _____ Belleville, Kingston, Brockville
- _____ Greater Toronto Area
- _____ Hamilton Health Sciences and Hamilton/Niagara Region (adult and pediatric focus)
- _____ Huron-Perth
- _____ London Health Sciences Centre
- _____ London Region
- _____ Niagara
- _____ Owen Sound/Grey Bruce
- _____ Sarnia/Chatham
- _____ Windsor
- _____ Alberta
- _____ Other

If you selected "Other" as a preferred placement region, please provide details of the region (e.g., non-listed locations or specific preferences such as an Indigenous health-focused experience)
