

University Drive Bridge

Planning Solution 4B: Conserve and Twin
as noted in University Drive Bridge PIC 1, November 17, 2022

Design Update
June 2024

We acknowledge that Western University is located on the traditional territories of the Anishinaabek, Haudenosaunee, Lūnaapéewak and Chonnonton Nations, on lands connected with the London Township and Sombra Treaties of 1796 and the Dish with One Spoon Covenant Wampum. This land continues to be home to diverse Indigenous Peoples (First Nations, Métis and Inuit) whom we recognize as contemporary stewards of the land and vital contributors of our society.

Preliminary Recommended Planning Solution

Preliminary Recommended Planning Solution

This approach utilizes the value of the existing structure for:

- Cultural heritage.
- Maintaining major infrastructure and utilities.
- Reducing the overall width of the new structure.

The new structure can reserve the space available on the existing bridge for active transportation-focused uses.
