SA 2621 – Introduction to Painting

Professor:	Sky Glabush	Time:	Tue - Thur: 11:30-2:30
Course:	SA 2621	Office Hours:	Mon. 12:30-1:30
Section:	001	Email:	sglabush@uwo.ca
Location:	online	Phone:	661-2111 ext. 86845

### **Course Description**

SA 2621 will explore the expressive and creative potential of the language of painting. Students will be exposed to a variety of materials and working methods and engage in experimentation with the physical and critical processes of producing two-dimensional art. As an introductory course, emphasis will be given to perceptual development. As the term proceeds theoretical and critical issues will be integrated into the assignments. The course materials will be shared online through instructor presentations, group critiques and discussions, technical demonstrations, assigned readings, and studio projects.

### **Course Objectives and Learning Outcomes**

Upon successful completion of the course, the student will be able to:

- Demonstrate technical, analytical and critical awareness of a wide range of material and conceptual problems specific to the visual arts
- Demonstrate a working knowledge of historical and contemporary issues relevant to the development and evaluation of a visual arts practice specifically within the fields of drawing and painting
- Demonstrate technical and analytical competence necessary for continued development within the program

### **Course Requirements**

#### **Assigned Readings:**

The course includes required readings, followed by student and instructor led discussions and presentations designed to foster a working knowledge of the field of contemporary painting. Assigned readings will be made available through OWL.

#### **Participation and Attendance:**

Due to the physical nature of painting and drawing, there will be a lot of in-class work. Students should be prepared, however, to spend a minimum of one hour working outside of class for every hour of class time. Attendance is mandatory. Students are expected to show up to every class, on time, and with the appropriate material and must clean up after themselves at the end of each class. Missing more than 15% of classes (including late arrival and early departure) without prior consultation with the instructor may result in a failing grade. Students that miss class for medical reasons must present documented medical or bereavement excuses vetted through their academic advisor.

**Medical Policy:**

Students seeking academic accommodation on medical grounds for any missed tests, exams, participation components and/or assignments worth 10% or more of their final grade must apply to the Academic Counselling office of their home Faculty and provide documentation. Academic accommodation cannot be granted by the instructor or department.

**Mental Health Policy:**

Students who are in emotional/mental distress should refer to Mental Health@Western [http://www.health.uwo.ca/mental\\_health/](http://www.health.uwo.ca/mental_health/) for a complete list of options about how to obtain help.

Students are expected to complete all assignments on the due date for critiques. Failure to complete assignments without prior consultation with instructor may result in a failing grade. Assignments must be submitted in a protective portfolio with each assignment clearly labeled, dated and separated. Failure to hand in assignments in a professional, organized manner may result in instructor declining to grade portfolio.

It is expected that students take notes on all lectures, presentations, and class discussions. A sketchbook or journal should be brought to each class along and the Course Outline.

**Evaluation and Critiques:**

As an instructor I will attempt to provide an environment of respect and security in which students will be encouraged to engage in a wide latitude of experimentation. In this environment of mutual respect there will be regular critiques of student projects in which **participation is mandatory**. Participation will be evaluated and constitute a portion of the final grade. Grades for this course are based upon the submission of class assignments and failure to submit projects will result in the subsequent loss of their respective percentage of the final grade. Each student is responsible for knowing the assignments, procedures, and due dates. Students are expected to complete all assignments by the due date; failure to do so may result in a failing grade (F). Requests for deadline extensions cannot be considered unless approved by the instructor at least 24 hours before the assignment is due and will only be considered in exceptional circumstances. Attendance is mandatory and missing 15% or more of class time can result in a failing grade. All students are expected to be present and available for discussions at the **beginning** of each class meeting, even in the case that there is no scheduled activity and students are engaging in their work in another area of the building.

**Evaluation:**

Studio Assignments*	80 %
Participation in discussions and critiques	10%
Attendance, punctuality, conduct and professionalism	10%

\*Studio assignments will be evaluated based on the following criteria:

- innovation and originality;
- technical proficiency and creative use of materials;
- demonstration of a clear understanding of the goals of the assignment; and
- presentation, organization, and clarity of intent.

Students may contact the instructor for additional assistance or critique of work, either in class, during office hours, or by appointment.

Grading: Based on the student's success in meeting the above requirements, grades will be assessed according to the following standard:

A+ 90 - 100%	Outstanding - The studio work shows significant originality and exhibits a high degree of critical engagement. Sophisticated analysis and synthesis involving complex theoretical and conceptual thinking are demonstrated. Mastery of complex ideas is immediately evident. The work clearly does not meet the minimal requirements of the assignment. Background preparation and research, engagement with process and outcome of the studio production is unacceptable.

\*It is important to note that it is the student's responsibility to ensure successful completion of all course prerequisites and that he or she has not taken an antithetical course. Lack of prerequisites may not be used as the basis of appeal. If not eligible for a course the student may be removed from it at any time and will receive no fee adjustment. - Inform students about safe use of toxic materials and ensure that students are following safe procedures. In case of an emergency, call 911.
- Instruct students in the proper use of the spray booth in room 230 if they wish to use aerosol fixatives. (The door of the booth must be **closed** when in use.)
- At the end of each class, return props and drapes to the model closet.
- At the end of each class, return space heaters and skeleton to room 206A, and opaque projectors, slide projectors, etc. to room 244. In the case of evening classes, equipment may be stored in your office and returned the next day.
- Notify Marlene Jones of any burnt-out bulbs, broken or missing furniture, broken window blinds, etc.
- Inform students about general cleanup (including removal of paint, etc., from table surfaces), about storage of work in progress, and removal of completed marked work.
- Supervise students' adherence to the maintenance requirements listed below, under the heading “Student Responsibilities”.

### **Student Responsibilities:**

- When using paint, remember that some pigments are more hazardous than others. Take special care with cadmium colours, cobalt colours, manganese colours, zinc white, flake white, cerulean blue, vermilion red, burnt and raw umber.
- Do not eat, drink or smoke while painting since these activities may lead to accidental ingestion of paint.
- Use aerosol fixative only in the spray booth in Room 230 or outdoors. Fine mists from these sprays can penetrate deep into the lungs.
- Flammable fixatives must be stored in the flammable cabinet located in the spray booth in 230 and not in your locker.

- At the end of each class, remove work-in-progress from easels, A-frames and walls, and store these works in your locker or storage racks.
