### 4. Course Description and Design

Organized as a creative research intensive, *Making Art with Environmental Awareness* explores artistic responses to ecology, sustainability, and related social issues in various global/local contexts. The course examines select themes in environmental discourse—paying particular attention to how artists have engaged with them. Some examples of lesson themes are: Extinctions; Petro-cultures; Accelerationism and Food. Each week, a new theme is introduced, and, students will view online material, engage in critical writing and/or other online activities in response to these themes.

Throughout the course students will *simultaneously* develop one of these options for their final project:

HISTORY OPTION	CURATORIAL OPTION	STUDIO OPTION
a standard research paper	an imaginary curatorial project outline	an imaginary artistic project outline in any media

Students will be encouraged to THINK BIG and imagine an IDEAL kind of project that you likely could not accomplish other than in a virtual state.

Part of what we will be challenging in this course is our artistic resource consumption, and, what it may mean to change our ideas about our materials for art-making and exhibition engagement. I will be encouraging eco- friendly options and conservation of materials. Students are expected to make a serious, sustained commitment to individual research and develop a final project over the course of the entire semester. This upper-level course is structured to be responsive to students' backgrounds, interests, and existing creative practices, curatorial goals and/or historical research.

The course will be delivered online and conducted in an asynchronous manner, so that students can access the course material at any time. However, weekly deadlines will be in place for shorter, student assignments. The instructor will act as a resource person, respondent, and creative facilitator for student work and can be accessed online during an office hour session or virtual meeting.

Mode	Dates	Time	Frequency
Virtual asynchronous	N/A	3 hours	weekly

Missed work should be completed within 48 hours

All course material will be posted to OWL: <http://owl.uwo.ca>. Any changes will be indicated on the OWL site and discussed with the class.

If students need assistance, they can seek support on the [OWL Help page](#). Alternatively, they can contact the [Western Technology Services Helpdesk](#). They can be contacted by phone at 519-661-3800 or ext. 83800.

[Google Chrome](#) or [Mozilla Firefox](#) are the preferred browsers to optimally use OWL; update your browsers frequently. Students interested in evaluating their internet speed, please click [here](#).

## 5. Learning Outcomes

Upon successful completion of this course, students will be able to:

-Understand key themes in contemporary environmental art practice through research, viewing, and discussion

-Develop a formal and critical vocabulary through presentations of artworks dealing with environmental themes.

-Enhance research and writing skills for critical and creative inquiry in the arts.

-Build aesthetic and conceptual sophistication through the creation of one major project exploring ecological issues through art.

-Engage in an interdisciplinary learning environment through presentation, research, and collaboration.

## 6. Course Content and Schedule

\*see detailed **Weekly Schedule** in OWL syllabus tab

## 7. Online Participation and Engagement

- Students are expected to participate and engage with content as much as possible
- Students can also participate by interacting in the forums with their peers and instructors

This upper-level course is structured to be responsive to students' backgrounds, interests, and existing creative practices, or curatorial, or, historical research areas. Students are expected to make a serious, sustained commitment to individual research, which includes viewing course lectures online, taking notes on readings, synthesizing all information and developing your project ideas over the course of the entire semester. Students should expect to spend 1 hour homework time, per week on this course (*excluding* class material review time).

**All lectures and course materials, even when such lectures or materials are posted online, are the intellectual property of the instructor. Students are not to post lectures or lecture materials to any other websites or platforms or use the lecture recording or materials for any other purpose without Professor consent.**

As course instructor, I expect to be consistently challenged to expand my knowledge and deepen my understanding of art and ecology. I offer to personalize each student's experience of the course by meeting with students outside of class and office hours when necessary for discussion and technical assistance.

You will need weekly web access to the OWL website, at least. Some material required for the course will be on Youtube and other world-wide-web sites; thus, if you have difficulty accessing certain sites with your computer, or, from your location—you may have a problem participating in class material review. Your assignments and projects are all virtual and will be uploaded to OWL.

The centrally administered **e-mail account** provided to students will be considered the individual's official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at his/her official university address is attended to in a timely manner. You can read about the privacy and security of the UWO email accounts [here](#).

Requests for deadline extensions cannot be considered unless approved by the instructor before the assignment is due and will only be considered in exceptional circumstances. Viewing all online class material is mandatory and missing 15% or more of class material can result in a failing grade.

### 13. How to Be Successful in this Class:

Students enrolled in this class should understand the level of autonomy and self-discipline required to be successful.

1. Invest in a planner or application to keep track of your courses. Populate all your deadlines at the start of the term and schedule time at the start of each week to get organized and manage your time.
2. Make it a daily habit to log onto OWL to ensure you have seen everything posted to help you succeed in this class.
3. Follow weekly checklists created on OWL or create your own to help you stay on track.
4. Take notes as you go through the lesson material. Treat this course as you would a face-to-face course. Keeping handwritten notes or even notes on a regular Word document will help you learn more effectively than just reading or watching the videos.
5. Connect with others. Try forming an online study group and try meeting on a weekly basis for study and peer support.
6. Do not be afraid to ask questions. If you are struggling with a topic, check the online discussion boards or contact your instructor(s) and or teaching assistant(s).
7. Reward yourself for successes. It seems easier to motivate ourselves knowing that there is something waiting for us at the end of the task.

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examinations dates. These dates as well as other important information about examinations and academic standing can be found [here](#).

## **Academic Offences**

## **Rounding of Marks Statement**

Across programs, we strive to maintain high standards that reflect the effort that both students and faculty put into the teaching and learning experience during this course. All students will be treated equally and evaluated based only on their actual achievement. **Final grades** on this course, irrespective of the number of decimal places used in marking individual assignments and tests, will be calculated to one decimal place and rounded to the nearest integer, e.g., 74.4 becomes 74, and 74.5 becomes 75. Marks WILL NOT be bumped to the next grade or GPA, e.g. a 79 will NOT be bumped up to an 80, an 84 WILL NOT be bumped up to an 85, etc. The mark attained is the mark you achieved, and the mark assigned; requests for mark “bumping” will be denied.

## **Department Policies and Regulations**

### **Prerequisite Checking:**

You are responsible for ensuring that you have successfully completed all course prerequisites and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are not eligible for a course, you may be removed from it at any time, and you will receive no adjustment to your fees. These decisions cannot be appealed.

### **Plagiarism:**

Plagiarism, which may be defined as “The act or an instance of copying or stealing another’s words or ideas and attributing them as one’s own,” will not be tolerated. (Citation excerpted from Black’s Law Dictionary, 1999, 7th ed., p. 1170). This includes presenting the visual or aural work of another creator as your own. Visual or Aural Plagiarism may involve both hand-based media such as drawing, painting, printmaking and sculpture, as well as digital media such as photography, video and sound. It includes work subsequently manipulated or transferred between different media, as well as self-plagiarism – work submitted for assignments previously produced and graded for another course. Similar to textual plagiarism, all student work involving the visual or aural work of others must be appropriately cited/identified whether in print or orally. Failure to do so will lead to similar academic penalties as those identified in Western’s Academic Calendar.

### **Student Conduct:**

All students will conduct themselves in a manner that will be consistent with the maturity and academic integrity expected of university students. Student conduct shall be consistent with the general laws of the community and with University regulations. Students shall show regard and respect for the rights, safety, and property of all members of the University community and are expected to act in a responsible manner within the University and the community at large.

[https://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/code\\_of\\_conduct.pdf](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/code_of_conduct.pdf)

### **Academic Sanctions:**

In instances of non-payment of prescribed tuition and other fees, the University shall seal the academic record. When an academic record is sealed, the student will not be able to: a) view grades; b) register in future courses; c) receive transcripts or a degree diploma; d) obtain admission or readmission.

The above prohibitions shall be in force until such time as indebtedness to the University, including payment of fee for removal of the seal, has been cleared to the satisfaction of the University.

### **Additional Course Material Request Policy**

For online courses the material may be presented in a variety of ways at the instructor's discretion. Requests for additional material can only be made in cases necessitating academic accommodation. If a student requires Academic Accommodation for the course material, they can contact Western's Academic Support & Engagement department. <http://academicsupport.uwo.ca/>

**Academic Consideration:**

The University recognizes that a student's ability to meet their academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet their academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean's office (the Office of the Dean of the student's Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy. Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean's Office in consultation with the student's instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty. Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. (Note – it will not be sufficient to provide documentation indicating simply that the student “was seen for a medical reason” or “was ill.”)

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner. Documentation from Family Physicians/Nurse Practitioners and Walk-In Clinics A Western Student Medical Certificate (SMC) is required where a student is seeking academic accommodation. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. An SMC can be downloaded at

[http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/medicalform.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf).

At the time of illness, students should make an appointment with a physician/nurse practitioner at Student Health Services. During this appointment, request a Student Medical Certificate from the Physician/Nurse Practitioner.

Students should request that an SMC be filled out. Students may bring this form with them, or request alternative Emergency Department documentation. Documentation should be secured at the time of the initial visit to the Emergency Department. Where it is not possible for a student to have an SMC completed by the attending physician, the student must request documentation sufficient to demonstrate that their ability to meet their academic responsibilities was seriously affected.

Instructors are encouraged, in the first instance, to arrange participation requirements and multiple small assignments in such a way as to allow students some flexibility.

**Attendance:**

Under university regulations, if someone misses more than 15% of their classes (15% is equivalent to missing 8 hours of Lecture and/or Studio Lab, due to absence or lateness, or a combination of both, per semester) without written corroboration for health or bereavement, students can be debarred from participation in final evaluations and/or assignments.

Note that if a student is consistently absent from a 3-hour class for 1 hour, they will exceed the 15% cutoff and be debarred; assignments may stop being accepted and such assignments will receive a mark of 0 (zero)

**Religious Accommodation**

Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance.

Additional information is given in the [Western Multicultural Calendar](#).

**Electronic Devices:**

**During Exams:** Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices during any tests, quizzes, midterms, examinations, or other in-class evaluations.

**During Lectures and Tutorials:** Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in class. **Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.**

public, students, faculty, staff and other visitors will not be prohibited from photographing your artwork while on exhibit at the John Labatt Visual Arts Centre.

You otherwise retain all ownership in your artwork.

**Artwork Installation Liability Release:**

You understand that the area where your artwork will be hanging or displayed is unsupervised and is in a part of the building that may be open to the public, day and evening, whether or not the building is open. Western University accepts no responsibility for damage to, or loss of, artwork at any time while on display or while being transported to or from the John Labatt Visual Arts Centre. By displaying your artwork in the John Labatt Visual Arts Centre, you accept all risk of loss or damage to your artwork. Western University does not provide insurance for the artwork on exhibition.
