Course Description

This course introduces students to contemporary processes used in three-dimensional construction. Students will experiment with a variety of new and used materials and construction methods in order to learn how to use the tools in the sculpture studio, as well as basic construction techniques. In addition to technical development, the course will emphasize the exploration of conceptual and critical approaches in contemporary sculpture and installation. This course provides an opportunity for students to experiment with both technical and conceptual aspects of three-dimensional practices through technical lessons/exercises, major projects, readings, presentations, and critiques.

Learning Outcomes

Depth and Breadth of Knowledge

Students will develop a familiarity with contemporary sculpture and installation practices, as well as a background of its methods, theoretical motivations and historical influences.

Knowledge of Methodologies

Students will gain an understanding of art making methodologies through practical application of process, from “brainstorming”, presenting ideas to creating final projects in various three-dimensional art practices.

Application of Knowledge

Students will develop critical thinking skills. They will demonstrate perceptual, visual and conceptual skills through art making and as a critical viewer and will expand upon their skills to further explore and develop in advanced studio courses.

Course Requirements

Students will complete six major projects and one presentation over the course of the full year, in addition to participating in reading discussions and critiques. There are readings assigned most weeks that are used as jumping off points for our class discussions and generating ideas for the studio projects. These readings are available on OWL. Students must complete all assignments by the start of class (2:30 pm) on the listed dates. Late penalty is 5% per day after the due date. Re-submitting of projects is permitted, provided the original project was handed in on time. All re-submitted works must be handed in by the last class in winter term.

Student Responsibilities & Preparations

Students are expected to attend all classes punctually and participate in all class discussions and critiques. Students are also required to come to class with the necessary materials for each work session. Failure to meet these expectations will be reflected in their overall participation grade. Students are responsible for cleaning up after themselves after each work session. Failure to do so will be reflected in their overall participation grade. Students are responsible for following department policy in the installation and take-down of projects. Failure to do so will be factored into your assignment grade. At the end of each semester, students will be required to take home all of their sculpture projects from the storage area. Failure to do so will result in your projects being disposed of by building staff.

Students are expected to work during class times, plus an additional 6 hrs/wk out of class and to make themselves aware of all assignments, procedures and due dates, and are required to complete all assignments by date of submission or critique. With fair notice to students, the course syllabus may change to adapt to class needs. It is the students' responsibility to remain apprised of such changes.

All work presented for this course must be entirely the student's own and all sources used in visual or written assignments must be properly cited. The instructor may not accept a completed project as student's own work if there were no evidence of in-progress stages of the project throughout the semester. All assignments must be completed specifically for this class alone and punctually submitted and/or presented by posted deadline or critique. Students may not submit a project completed for another course, unless special permission is obtained from both of the instructors involved.

Attendance Policy

As this is a studio course, attendance and punctuality at all classes is absolutely mandatory. If you know that you are going to miss a class, please email me to keep me informed. You are responsible for making yourself aware of all assignments, procedures and due dates. It is the student's complete responsibility to keep informed of any such changes.

Under university regulations, if someone misses more than 15% of their classes (15% is equivalent to missing 8 hours of Lecture and/or Studio Lab, due to absence or lateness, or a combination of both, per semester) without written corroboration for health or bereavement, students can be debarred from participation in final evaluations and/or assignments.

Note that if a student is consistently absent from a 3-hour class for 1 hour, they will exceed the 15% cutoff and be debarred; assignments may stop being accepted and such assignments will receive a mark of 0 (zero).

In accordance with University policy, students are responsible for making themselves aware of all assignments, procedures, demonstrations and due dates. With fair notice, course assignments, schedule or due dates may change. Students are responsible for keeping abreast of course changes. Failure to attend an important demonstration or lecture without due cause will result in the student researching the information for themselves.

Participation

Attendance, punctuality and preparedness for class are critical, as the teaching methods used will include class critiques, lectures and studio work. Student preparation and active participation in these sessions is a requirement of the course. In addition to affecting participation grades, students late or otherwise not prepared for scheduled critiques or discussions will forfeit the opportunity for class feedback on their work. Evaluation of participation will depend on attendance and commitment to class discussions and activities, as well as general respect towards fellow students and the workshop. Students arriving unprepared, unreasonably late, or leaving early, will not be considered as having participated in a class.

Academic Consideration

The University recognizes that a student's ability to meet their academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet their academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean's office (the Office of the Dean of the student's Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy. Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean's Office in consultation with the student's instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. (Note – it will not be sufficient to provide documentation indicating simply that the student “was seen for a medical reason” or “was ill.”)

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

Documentation from Family Physicians/Nurse Practitioners and Walk-In Clinics A Western Student Medical Certificate (SMC) is required where a student is seeking academic accommodation. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. An SMC can be downloaded at http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

At the time of illness, students should make an appointment with a physician/nurse practitioner at Student Health Services. During this appointment, request a Student Medical Certificate from the Physician/Nurse Practitioner.

Students should request that an SMC be filled out. Students may bring this form with them, or request alternative Emergency Department documentation. Documentation should be secured at the time of the initial visit to the Emergency Department. Where it is not possible for a student to have an SMC completed by the attending physician, the student must request documentation sufficient to demonstrate that their ability to meet their academic responsibilities was seriously affected.

Religious Accommodation

Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the [Western Multicultural Calendar](#).

Student Conduct

All students will conduct themselves in a manner that will be consistent with the maturity and academic integrity expected of university students. Student conduct shall be consistent with the general laws of the community and with University regulations. Students shall show regard and respect for the rights, safety, and property of all members of the University community and are expected to act in a responsible manner within the University and the community at large.

Academic Sanctions

In instances of non-payment of prescribed tuition and other fees, the University shall seal the academic record. When an academic record is sealed, the student will not be able to: a) view grades; b) register in future courses; c) receive transcripts or a degree diploma; d) obtain admission or readmission.

The above prohibitions shall be in force until such time as indebtedness to the University, including payment of fee for removal of the seal, has been cleared to the satisfaction of the University.

These decisions cannot be appealed.

Plagiarism

Plagiarism, which may be defined as "The act or an instance of copying or stealing another's words or ideas and attributing them as one's own," will not be tolerated. Visual or Aural Plagiarism may involve both hand-based media such as drawing, painting, printmaking and sculpture, as well as digital media such as photography, video and sound. It includes work subsequently manipulated or transferred between different media, as well as self-plagiarism – work submitted for assignments previously produced and graded for another course. Similar to textual plagiarism, all student work involving the visual or aural work of others must be appropriately cited/identified whether in print or orally. Failure to do so will lead to similar academic penalties as those identified in Western's Academic Calendar.
